

B835 Safety Redbox™ incl. wall-bracket

Seite 1 von 2

THE SOPHISTICATED SOLUTION FOR GROUP LOCKOUT

B835 SAFETY REDBOX™ is more than just a group lockout box.

This device can either be a mobile unit or be hung on a wall, providing a consistent reference point and added security. The Safety Redbox™ comes equipped with all necessary machine locks for easy accessibility. Use the quick-release fastener inside to mount or release the box from the wall bracket. This makes it convenient for maintenance cases and can also be used as a mobile unit.

Technologies

- High level of stability in spite of low weight
- Ergonomic and space-saving fold-away handle
- Inside is exposed to light from all sides for better visibility of contents
- Lid features innovative and secure locking mechanism
- Patented wall bracket, also facilitates storing of padlocks

Use and application

- Lockout of large machinery or plants with many different access points and maintenance being carried out by a big number of people
