100/100

DURABLE AND RELIABLE

Our hasp 100 is protected against corrosion and therefore very durable.

You have nowhere to hang your padlock, but would still like your garden gate or shed to be secured against thieves? Then we recommend you our solid hasp 100. It is robust, weatherproof and holds a padlock securely and reliably. Thanks to the hardened steel eyelets and concealed pins and screws, the hasp 100 also has a high level of theft resistance.

Technologies

- Corrosion protected
- As of size 80 hardened staple
- Concealed hinge pin
- Hidden screws

Operation and use

- Designed for doors closing flush, i.e. door leaf and door frame are level
- 'DG' versions: with double joint – designed for doors not closing flush, i.e. door leaf and door frame are not level, and corner solutions
- To be used with a padlock

Variants

- Sizes: 60, 80 and 100 mm
- Sizes double link (DG): 80 and 100 mm
