uGrip™ Cable 560/65 black

Security and design combined.

The ABUS uGrip™ Cable 560 is a reliable cable lock for design enthusiasts. The colourful sleeve hides an 8 mm strong steel cable that offers excellent protection with a low risk of theft.

The uGrip™ Cable 560 can be quickly locked with one of the two keys provided. At 65 cm in length, the cable is ideal for connecting a bike to a bike rack, street sign or another bike. And with an overall weight of just 320 g, it can be taken anywhere without attracting attention.

Technologies

- 5⁄16" thick steel cable
- Innovative, Soft-Touch elastomer coating to prevent damage to the paintwork

Use and application

- Great protection where there is a low risk of theft
- Recommended for securing inexpensive bikes

Tips

- Cable locks are highly flexible and weigh relatively little
