Art.-Nr. PPIC32520

Seite 1 von 3

The ABUS Smart Security World Wi-Fi Pan/Tilt Outdoor Camera with Full HD 1080p resolution and infrared night vision function always ensures a brilliant image quality and a full overview. The recording range can be controlled via the app and has a swivel range (right-left) of 270° and a tilting range (up-down) of 90° for 360° surveillance. The camera is suitable for outdoor use and belongs to the IP66 protection class.

Event notification and mobile access

Operation of and access to this app camera are exclusively via the app - with no PC, web browser or additional software. If desired, you will be informed of incidents by email or push notification and can take a snapshot or access the corresponding video image data using the app. Movements in the camera's field of vision trigger recording to the SD card. With the app, you always have access to the image material. The compressed data transmission means hardly any burden is placed on the network.

Smart Security World Ready

The ABUS Smart Security World Wi-Fi Pan/Tilt Outdoor Camera is part of the Smart Security World and is therefore not only functional, but is also fully integrated into the Smartvest wireless alarm system - as such, during installation there are no concessions in terms of convenience, and users simply follow the intuitive step-by-step installation instructions.
