

SIMPLE AND EFFECTIVE

Compact, high-quality door viewer for your house and flat doors.

When your doorbell rings, you should always know who you are dealing with. This door viewer makes it easier for you to decide whether to open your door or not. The peephole is compact and easy to mount. It is suitable for doors with thicknesses from 35 to 59 millimetres. The housing is made of brass, the lens of plastic. The wide-angle lens covers a viewing angle of approx. 160 degrees in front of your door.
