

STRONG TRACTION

Cellar grate lock with very strong tension rod for cellar shafts.

To prevent burglars from gaining access to your home through the cellar shafts, rely on reliable grating security. This fuse comes with a strong tension rod 320 millimetres long. It is particularly suitable for concrete and masonry. After assembly, the escape routes remain secured. The fuse can be unlocked from the inside without a key.

Technologies

- Large sturdy shield plates overlap both grill and frame
