SecLight TL-517

COMPACT, LIGHTWEIGHT, AND HANDY

Our TL-517 flashlight provides light in the dark with high-quality LED lights

Ideal for handbags, backpacks, or glove compartments in the car or camper: Our TL-517 flashlight ensures that you can find your way in the dark or immediately find dropped items. Practical: It can be set down anywhere without rolling off the table, hood, or other smooth surfaces due to its cuboid shaft. The red light function is useful for long journeys or flights, for example, when you don't want to disturb fellow passengers: This allows you to continue reading in peace without bothering others with too-bright light.
