HIGH SECURITY

Want to secure a vending machine or rolling grille, but the spot is difficult to access?

Or you want to insure high-value and expensive items? Our 93RK Monobloc padlock is suitable for this purpose. The shackle and lock body are made of hardened special steel with Nano-Protect™ coating, making this padlock is extremely secure.

Technologies

- Shackle and lock body made of hardened special steel with NANO PROTECT™ coating for extra corrosion resistance
- Protected against drilling or pulling open
- Cylinder can be replaced and re-keyed to match an existing key
- O: Accepts all standard oval cylinders
- EPZ: Accepts all standard Euro profile half cylinders (Length: 10/30)
- fig. 8: Accepts all cylinders from the ABUS 83 series
- SSF Kl. 5/ CEN Kl. 6
- Key retaining: key is needed for locking (lock retains key until locked)

Operation and use

- To secure assets and objects of greater value or those at a high risk of theft
- For the highest security requirements
- For securing warehouses, factory gates, containers and lorries etc.
