The Do-it-All Mountain bike helmet

The ABUS MoDrop MIPS can handle any terrain and any riding style.

The mountain bike helmet is the perfect companion for big mountain days or riding the local trails. Equipped with our MTB-specific adjustment system and TriVider helmet straps, this helmet offers many features that make it more comfortable to wear. that make it unbelievably comfortable. The height-adjustable visor protects you from hanging branches and varying light conditions when riding downhill. In the event of a fall, it can also prevent direct impact with the face.

Additional safety is provided by the MIPS impact protection. This is intended to protect the brain, especially if the cyclist's head hits the ground at an angle during a fall. In a fall, the brain is exposed to strong rotational movements that can lead to severe brain injuries. With MIPS, a movable low-friction plastic shell is integrated into the helmet to ensure that rotation is reduced and the head is better protected.

Technologies

- Lower edge protection: polycarbonate (PC) outer shell covers the lower edge of the helmet and protects against scratches, impacts and signs of wear and tear
- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Mips layer: thin plastic shell located between the inner padding and the energy-absorbing shell of the helmet to counteract rotational forces in the event of a fall
- Reflector Sticker: for better visibility in the dark

Seite 2 von 2

- Height-adjustable peak: the position of the peak can be adjusted thanks to locking positions to provide optimum protection from hanging branches and sunlight
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Trivider™: particularly flat divider with fixed positioning of the straps to prevent unintentional adjustment
- Comfort Pads: soft padded inserts for optimum comfort, attached to the helmet with Velcro
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

Technical data - MoDrop MIPS metallic copper L

Additional safety features	Reflector Sticker
Chin buckle	Push-in buckle
Finish	matt
Forced Air Cooling	No
Fullface	No
Head size	57-61 cm
Headring	Half ring
Helmet type	MTB helmet
Light	No
Lower edge	Yes
Mips	Yes
Peak	height adjustable peak
Ponytail Fit	Yes
Removable pads	Yes
Size	L
Smart - Crash Detection	optional
Suitable for	Adults
Visor	No
Washable pads	Yes
Weight [g]	390 g
backlight	No
color of facets	brown
design color	metallic copper
EAN	4003318657542
