PowerDome MIPS flip flop purple M

For carefree riding fun

GameChanger, AirBreaker, StormChaser: The “Made in Italy” ABUS helmet family is growing. Because the PowerDome MIPS comes directly from the ABUS production site in Italy.

The road bike helmet features MIPS impact protection, which can reduce the risk of serious head injuries in the event of a fall. It also combines the successful features of the top models with the tried and tested features of its predecessor, the Aventor: The PowerDome MIPS is very lightweight and individually adjustable to head circumference thanks to the Zoom Ace adjustment system. 10 air inlets and 7 air outlets ensure optimum air circulation in every riding situation - even in high temperatures. The sophisticated ventilation is also supplemented by a sleek air scoop on the helmet: It is modelled after the PowerDome of high-performance cars and gives the helmet its name as a functional design element. Whether on the next Gravel Tour, racing against the wind on the Tuscan coast or cycling through the city, The PowerDome MIPS brings the Italian lifestyle to every ride. This keeps the focus on the pleasure of riding. No rules, no dress code, no pressure to perform. With this helmet, the journey becomes the destination!

Technologies

- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Mips layer: thin plastic shell located between the inner padding and the energy-absorbing shell of the helmet to counteract rotational forces in the event of a fall
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Stitched straps: for optimum aerodynamics, the straps are sewn and therefore do not require any strap dividers –

PowerDome MIPS flip flop purple M

this means they fit particularly snugly and do not flap while riding
- Comfort Pads: soft padded inserts for optimum comfort, attached to the helmet with Velcro
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

Technical data - PowerDome MIPS flip flop purple M

Chin buckle	Push-in buckle
Finish	shiny
Forced Air Cooling	No
Head size	54-58 cm
