# Steel-O-Chain™ 5805C/75 blue

THE COMBINATION LOCK WITH LASTING LEGIBILITY

ABUS leaves nothing to chance. We have equipped this chain lock with high-quality two-component number reels. That way, you will get years of enjoyment out of your lock.

The numbers on this combination lock remain legible even after prolonged use. We want you to enjoy your bicycle and your ABUS lock for as long as possible. That is why we don't apply colour to the numbers and produce the number reel from two durable components.

## Technologies

- 5 mm thick square chain with textile sleeve that prevents damage to paintwork
- The chain is made of specially hardened steel
- Two-component number reels guarantee long-term readability of the digits
- The number code can be set individually

## Operation and use

- Good protection at low theft risk
- Recommended for the protection of low-range bicycles
- The longer the chain, the easier the bicycle can be locked to a fixed object
