

Millennio 894/85 + bracket KF

Seite 1 von 2

Cable lock with bracket variants

The ABUS Millennio 894 Cable Lock is a bicycle lock which offers the usual ABUS quality. The 15mm thick lock cable is not only made of high-quality steel, it is also conveniently encased in a PVC shell which protects the paintwork against scratches during use and transportation.

With a length of 85cm, the ABUS Millennio 894 Cable Lock is suited for a wide range of typical locking situations. Depending on the chosen bracket, the lock weighs either 540g or 560g and is supplied with two coded reversible keys. With a reversible key, the lock can be opened quickly, even if you are in a rush.

Technologies

- 15 mm thick, high-quality steel cable
- PVC sleeve prevents damage to the bicycle's paintwork
- ABUS Extra Classe cylinder with coded reversible key
- Two keys are supplied in the scope of delivery

Operation and use

- Great protection where there is a low risk of theft
- Recommended for securing inexpensive bikes

Tips

- You can order one-key-fits-all for this lock along with other locks, meaning that one key can fit several locks
- Cable locks are characterised by their good flexibility and relatively low weight
