

Urban-I 4.0 LR signal silver M

A CLASSIC. NOW EVEN BETTER.

Whether you commute to work every day, meet up with friends for a relaxed coffee ride or want to be safe and stylish at all times - the Urban-I 4.0 is the helmet for you.

Ready for your upgrade The LR version is equipped with all the comfort and safety features of the Urban-I family and is already prepared for an upgrade - add a magnetic, rechargeable Rear Light to your helmet if you want more visibility. The magnetic holder for the matching Rear Light is integrated into the helmet design and protected by a reflective cover in the LR version. This keeps the helmet design harmonious and also increases your visibility thanks to reflective elements. For a perfect fit

The second generation of our Zoom™ Spin adjustment system for urban helmets ensures even easier and better customisation to your needs: the design is more minimalist, operation of the adjustment wheel is smoother and the Ponytail Fit offers more space for long hairstyles.

The most popular comfort features of the previous versions are also back in the 4.0 generation: ulliMagnetic FIDLOCK fastener - closes reliably, opens conveniently with one hand/liliOptimal ventilation - with 16 ventilation openings/liliInsect protection net - keeps flies and other insects away/liliWashable Comfort Pads - particularly durable and hygienic/li

Rediscover one of our most successful helmets.

Technologies

- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids

Seite 2 von 2

- Reflector Sticker: for better visibility in the dark
- Bug Mesh: keeps flies and other bugs off your head without messing with the helmet's ventilation
- Rechargeable, magnetic Rear Light (optional): the separately available light for better visibility is attached to the back of the helmet using magnets and can be charged with a USB-C charging cable
- Reflective cover: conceals the light holder for the optional Rear Light and at the same time ensures visibility and a form-fitting helmet design
- Clip on peak: removable peak attached with pins to protect against sunlight
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Flap Divider™: strap divider for individual adjustment of the straps below the ears – with clamp fastener to fix the set position
- Comfort Pads: soft padded inserts for optimum comfort, attached to the helmet with Velcro
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Magnetic buckle: the straps are fitted with a high-quality, magnetic FIDLOCK buckle to enable the chin buckle to be opened with one hand, even when wearing gloves
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection
