# Taipan sand beige M

YOUR HELMET. YOUR RIDE. YOUR ADVENTURE.

Gravel is more than just cycling - it's a feeling of absolute freedom. No rules, no limits, no "you have to". Just you, your Taipan and endless possibilities.

Freedom begins where the tarmac ends Pure escape: Get out of everyday life and into adventure. Whether it's a sunrise ride or an after-work session - the feeling of simply setting off is priceless. The Taipan gives you maximum flexibility: thanks to the Eyewear Port, Light option and washable pads. Challenge accepted: Steep climbs, interval training on gravel, the next podium finish - are you looking for a sporting challenge? With its low weight, aerodynamic straps, 18 ventilation openings and a clever air cooling system inside the helmet, the Taipan is your partner for sweat-inducing top performance. Soul ride:  Rediscover your favourite childhood trails or cruise through the countryside for hours with friends - the Taipan brings the feeling of childhood freedom back into your everyday life. A precise fit is essential so that you can indulge in this feeling: thanks to the discreetly widened inner helmet shape with space for thicker padding and individually adaptable adjustment system with Ponytail Fit, the helmet feels like a second skin.

## Technologies

- Lower edge protection: polycarbonate (PC) outer shell covers the lower edge of the helmet and protects against scratches, impacts and signs of wear and tear
- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Front Eyewear Port: defined recess on the front of the helmet to position glasses in a secure and aerodynamic holding position while riding

# Taipan sand beige M

- Acti Cage™: allows larger ventilation openings combined with high stability thanks to foamed-in structural reinforcement
- Reflector Sticker: for better visibility in the dark
- Forced Air Cooling: the ventilation openings are connected to each other via channels on the inside to guide incoming air through the helmet and thus ensure maximum air circulation and a pleasant head climate
- Rechargeable, magnetic Rear Light (optional): the separately available light for better visibility is attached to the back of the helmet using magnets and can be charged with a USB-C charging cable
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Flow Straps™: aerodynamic straps for low flow resistance, less noise and high wear comfort
- Floating Pad: padding on the inside of the helmet, which is clicked into place via several attachment points, making it more flexible and offering better ventilation and greater wear comfort
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

## Technical data - Taipan sand beige M
