

WEATHERPROOF AND LIGHTWEIGHT

Our 90RK/50 Titalium™ padlock features an integrated shackle guard.

Can be used in wind and weather, lightweight but robust, and corrosion protected: our 90RK/50 Titalium™ padlock. We recommend it if you want to secure higher-value objects or where there is a high risk of theft. The 90RK/50 Titalium™ is also a good solution in sea and port areas, for example to secure vehicles, boats, boxes, and other things that are in constant outdoor use. The solid lock body is made of TITALIUM™ special aluminum and is equipped with a precision pin cylinder. The shackle is made of stainless steel and therefore weather resistant.

Technologies

- Lock body made from TITALIUM™, a special aluminium alloy: high security at low weight
- Shackle made from high quality stainless steel, double bolted: high resistance against pulling and torsion
- With integrated shackle guard to protect against bolt cutter attacks
- Extreme corrosion resistance
- Precision pin cylinder
- Interchangeable cylinder: if required, the lock can also be adapted to existing locks
- Key retaining: key is needed for locking (lock retains key until locked)

Operation and use

- To secure valuables / goods of greater value or at a high risk of theft
 - Ideal for severe weather conditions (e.g., in sea and port areas, for securing vehicles and boats in outdoor use)
-

Technical data - 90RK/50

Depth e	23 mm
Height f	81,5 mm
Horizontal clearance b	19 mm
Keyed alike	No
Locking type	key
Security Level Home Security	8
Security card	No
Shackle diameter d	9,5 mm
Vertical clearance c	22 mm
Weight [g]	292 g
Width a	50 mm
color of facets	silver
colour	silver
EAN	4003318552922
