

SET SAIL WITHOUT RUST!

The perfect lock for outdoor use not only on the high seas, but everywhere where strong weather conditions often prevail: our Aqua Safe 70IB.

The ABUS 70IB Aqua Safe marine padlock reliably protects not only your valuables from theft, but also the surfaces of boxes, equipment, machinery, and more from scratches. The extremely weatherproof Aqua Safe 70IB by ABUS consists of a solid brass lock body that is encased in gentle plastic to protect delicate adjacent surfaces. Because especially at sea, depending on the weather conditions, a padlock may swing to and fro. The hardened steel shackle is also covered with an impact-resistant synthetic coating. In addition, a special protective cap ensures that splashing water and dirt cannot penetrate the locking mechanism. This makes this padlock ideal for securing valuables outdoors, whether by the sea or elsewhere.

Technologies

- Solid lock body made from brass
- Stainless-steel shackle for extra-special corrosion protection
- Sealed lock body with special protective cap and drainage channels to protect the locking mechanism from water and dirt
- Shock-absorbing plastic casing protects sensitive surfaces
- Double bolted
- Precision pin cylinder
- Paracentric key profile for increased protection against manipulation
- Inner components made from rust-free materials

Operation and use

- For medium-security requirements under extreme weather and environmental conditions
- Ideal for use on vehicles and boats

Technical data - 70IB/35

Depth e	19 mm
Height f	65 mm
Horizontal clearance b	14,5 mm
Keyed alike	No
Locking type	key
Security Level Home Security	4
Security card	No
Shackle diameter d	6,5 mm
Vertical clearance c	24,5 mm
Weight [g]	106 g
Width a	36 mm
colour	blue
EAN	4003318047732
