

LOW WEIGHT FOR BASIC PROTECTION

If you want to lock up quickly: the Cable Lock 650 secures your bike quickly and simply on short stop-offs.

Even for just a few minutes: an unlocked bike invites thieves to strike. The Cable Lock 650 is a good solution if you don't want to or aren't able to keep an eye on your bike the whole time - e.g. on a stop-off. KLICKfix makes using the lock incredibly easy - simply press the lock together and it clicks into place, without actively locking it with a key.

Technologies

- 8 mm thick steel cable
- Plastic coating to prevent damage to the bicycle's paintwork

Operation and use

- Basic protection where there is a low theft risk
- Recommended for protecting entry-level and children's bicycles

Tips

- Cable locks are characterised by good flexibility and relatively low weight
- This lock is also available in blue, red and silver (four units in each colour per lock)

Variants

- Colours: black or colourful (red, grey, blue)
-

650/65 black
