

ABUS chain lock for those who are always on the move.

Although the ABUS Chain Lock 1500 Web requires a key, it can still be opened quickly if you're in a hurry. The trick here is that the ABUS 1500 Web Chain Lock can be clicked shut without the key being in the lock.

You can choose your preferred design: green, pink, red or orange? Or a more classic style, in black and white? This choice of colours means you can avoid a clashing bike and lock, ensuring that the ABUS Chain Lock 1500 Web is an enjoyable purchase from the very start.

Technologies

- 4 mm round chain with textile sleeve to protect against damage to the paintwork
- The chain is made of special steel

Operation and use

- Basic protection against a low risk of theft
- Recommended for securing low-range bicycles and children's bikes

Tips

- The 1500 Web is particularly easy to use because the lock can also be clicked shut without inserting the key
- It is also available as a set (1500 Web colour) in the following colour combinations (each packaging unit contains four locks in black, red, orange and lime)

Variants

- Colours: black or colour (black, lime, orange, red, white, coral)

1500/60 web black
