

ROBUST, SOLID, LIGHTWEIGHT

Secure items at low risk of theft with our 54 TITALIUM™ padlock.

Bags, caskets, valuable boxes, lockers, or tool boxes can be secured very well against theft with our padlock 54 Titalium. The lock body is made of solid TITALIUM™ special aluminum, which makes it particularly lightweight yet still robust. The hardened steel shackle provides good basic security because it makes the lock more difficult to attack - for example, with a bolt cutter or crowbar.

Technologies

- Solid lock body made from TITALIUM™ aluminium alloy - higher security, less weight
- Hardened steel shackle
- Double bolted

Operation and use

- To secure valuables/goods of lesser value or at a low risk of theft
- To secure bags, suitcases, jewel cases, cash boxes, lockers, tool boxes, etc.
