

NINE BRIGHT COLORS

Our combination lock 145 is available in nine bright colors with a special coating for extra robust protection.

Padlock ABUS 145 consists of a solid aluminum lock body and a steel shackle. It is suitable for locking bags, suitcases, caskets, lockers, and more. We recommend the 145/20 to 145/30 variants if you want to secure low-value objects or items at a low risk of theft. The large 145/40 variant works very well for securing objects of medium value or items at a moderate risk of theft. The numerical code can be individually set with three or four number wheels, depending on the size of the lock. Due to their low weight, our combination locks 145 are easy to use at any time, even on the road.
