## THE ALL-ROUNDER

The brass padlock 85 is suitable for many different use cases.

Whether bags or suitcases, doors or closets, caskets or lockers, basements or sheds: With padlock 85, you can reliably protect your valuables from theft. The lock body is made of solid brass, the hardened shackle has a Nano Protect™ coating, which makes the lock very durable. It locks automatically when the shackle is pressed. Then the precision pin cylinder can only be opened with a key. The "Service" version of the 85 is a plus: For example, you can have our dealers customize the lock of your front door and shed and use the same key for both.

---

## Technologies

- Solid lock body made from brass
- Hardened steel shackle with NANO PROTECT™ plating for extreme corrosion resistance
- Can be made keyed alike to already existing keys/locks by the trade (Version Service)
- Double bolted (as of 30 mm)
- Automatic locking: Locking without key by pushing down the shackle
- Paracentric keyway for increased protection against manipulation
- Inner components made from rust-free high quality materials
- Precision pin cylinder with mushroom pins

## Operation and use

- 85/20 – 85/40: To secure valuables/goods of medium value or at an average risk of theft
- 85/50 – 85/70: To secure valuables/goods of greater value or at a high risk of theft

- 85IB: Ideal for use in coastal and port areas
- To secure bags, suitcases, jewellery boxes, cash boxes, doors, gates, cupboards, lockers, tool boxes, cellar windows, sheds, switchboards, etc.
