

LIGHTWEIGHT, ROBUST, AND SECURE

Our 80 TITALIUM™ padlock is made of special aluminum with a solid lock body and a precision cylinder.

Not only secure, but lightweight, too: Our 80TI secures larger valuables or items at high risk of theft. We recommend the lock for cellar doors, gates, cabinets, lockers, or tool boxes. The hardened steel shackle has a Nano Protect™ coating. This makes the 80 TITALIUM™ padlock particularly robust and secure.

Technologies

- Solid lock body made from TITALIUM™ aluminium alloy - higher security, less weight
- Hardened steel shackle with NANO PROTECT™ plating for extreme corrosion resistance
- 6-pin precision cylinder with paracentric keyway
- Double bolted shackle
- Chrome-plated cylinder plugs with additional corrosion resistance
- Large tulip-shaped key head

Operation and use

- To secure valuables/ goods of greater value or at a high risk of theft
- To secure doors, gates, cupboards, tool boxes, cellar windows, sheds, switchboards, etc.

Variants

- Sizes: 40, 45, 50, 60 mm
- High shackles (HB): 40HB40, 40HB63

Technical data - 80TI/60
