

Weatherproof Combination 180IB

Solid Brass Combination

ABUS combination padlocks offer a great level of security with the convenience of keyless entry. Precision-engineered for smooth performance, these padlocks are ideal for recreational use and other general security applications.

Key Features

- Solid forged brass body provides superior protection and weather resistance
- Shackle made from stainless steel and inner components made from corrosion-resistant materials for ultimate rust protection
- Precision locking mechanism with special protection against manipulation
- 4-digit resettable code
