

TITALIUM™ 80TI

Strong, Lightweight, Innovative

TITALIUM™ is a special aluminium alloy that uniquely combines a high level of strength with lightness just like in the aircraft or automobile industry. The contemporary material implementation is reflected in the design of the products: TITALIUM™ series padlocks all feature an impressive stainless steel finish.

Key Features

- Solid lock body made from TITALIUM™ aluminium alloy: higher security, less weight
- Hardened steel shackle with NANO PROTECT™ coating
- Paracentric keyway for increased protection against manipulation
- Just as strong as traditional brass padlocks
