

Multi-Pole Breaker Lockout

Effective Multi-Pole Breaker

The non-conductive circuit breaker lockout can be used to lock out multi-pole circuit breakers. Up to two padlocks can be attached simultaneously.

Key Features

- Made from high-quality materials: long-lasting, robust and non-conductive
- Easy-to-use with screwing mechanism for secure fixation
- Holds up to 2 padlocks with a shackle diameter up to 7mm
- Can be used on common multi-pole circuit breakers

Areas of Application

- Block access to multi-pole circuit breakers during maintenance
