

# Single-Pole Breaker Lockout

### Effective Single-Pole Breaker

The non-conductive circuit breaker lockout can be used universally on any standard single-pole circuit breaker. Thanks to the additional adapter, the lockout device can also be used on blade-type electric fuses.

### Key Features

- Made from high-quality materials: long-lasting, robust and non-conductive
- Easy-to-use with screwing mechanism for secure fixation
- Can be used on common single-pole circuit breakers
- Comes with adapter for blade-type electric fuses
- Holds 1 padlock

### Areas of Application

- Block access to single-pole circuit breakers during maintenance
