

Secvest 2WAY FG 350 E wireless window handle, silver

Art.-Nr. FU8430S

Seite 1 von 2

This wireless window handle is a discreet and attractive security solution for your windows. The alarm center is notified on the condition of the window and then determines whether the window is open or closed. The window handle can thus reliably trigger an alarm in the event of an attempted break-in. Best of all, each standard window handle can be easily replaced by the Secvest 2WAY FG 350 E wireless window handle. The handle is available in white, brown, or silver.

Technologies

- More security thanks to closure monitoring
- The discreet solution in window security
- Simple installation through replacement of the standard window handle
- Reliably transmits the status of the window ("open or closed") to the alarm panel
- Elegant, timeless design

Technical data - Secvest 2WAY FG 350 E wireless window handle, silver

Battery - max. battery life	3 y
Battery - type	1x lithium 1/2 AA, ER14250
DC voltage supply	3.6 V
Dimensions	(WxHxD) 33x168x53 mm
Environmental class	II
Height	168 mm
Installation location	Windows and French windows
Length	53 mm
Max. operating temperature	55 °C
Min. operating temperature	-10 °C
Modulation	FM
