

CCTV Switching Power Supply

Art.-Nr. TV7616

Seite 1 von 1

The CCTV switching power supply is suitable for the pan-tilt dome cameras (TV7098 and TV7099). The power supply transforms 100-240 VAC input voltage into 12 VDC output voltage with nominal current of 1.5 A.

Technologies

- Output voltage 12 V DC

Technical data - CCTV Switching Power Supply

Dimensions	(W x H x D) 44 x 69 x 83 mm
Height	69 mm
Input voltage AC	110 – 240 V
Length	83 mm
Net weight	0,19 kg
Operating current	1.500 mA
Output voltage DC	12 V
Width	44 mm
