

Mount for Cameras/IR Illuminators

Art.-Nr. TV8339

Seite 1 von 1

The mount TV8339 is an accessory for the cameras and the IR illuminators from ABUS Security-Center. You can use the mount to attach cameras or IR illuminators to a wall or ceiling. The horizontal and vertical position can be modified with a 1/4" tripod screw. The mount's robust construction prevents that the component attached is simply turned out of position. The mount is suitable for indoor use and outdoor use in roofed areas. Its maximum load is 6 kg.

Technologies
