

Smartvest Wireless Remote Control

Art.-Nr. FUBE35000A

Seite 1 von 2

In addition to the smartphone and tablet option, the Smartvest Wireless Remote Control offers you another streamlined and convenient option for operation - at the push of a button, without the need for a PIN code. With this option, you can both arm and disarm the Smartvest or, in an emergency, trigger a panic alarm at the touch of a button. Using the app, the button can also be configured so that certain cameras or the siren are activated when the buttons are pressed. The Smartvest Wireless Remote Control thus provides basic control options in a compact and handy form ensuring it is simple and intuitive to use.

Technologies

- Smartvest extension for operation without a mobile device
- Immediate operation at the push of a button and with no need for a PIN code
- Buttons for arming and disarming the Smartvest
- Panic alarm that can be triggered at the push of a button
- Individual configuration of buttons to automatically activate additional components (cameras, sirens, etc.) simultaneously
- Visual feedback via blue LED
- Low battery notification sent to the Smartvest alarm control panel
- Small, portable and easy to use

Technical data - Smartvest Wireless Remote Control

Technical data - Smartvest Wireless Remote Control

Length	14 mm
Luminous colour	blue
Max. humidity	80 %
Max. operating temperature	40 °C
Max. receiving range (building)	30 m
Max. receiving range (free field)	100 m
Max. transmission range (building)	30 m
Max. transmission range (free field)	100 m
Min. operating temperature	0 °C
Modulation	FSK
Net weight	0,022 kg
Power consumption	15 mA
Radio frequency	868 MHz
Sabotage monitoring	No
Standby power consumption	0,005 mA
VdS class	No
Width	30 mm
