

# Network Surge Protection

Art.-Nr. ITAC10210

Seite 1 von 1

Protect your cameras, network video recorders or various network devices from high electrical voltages, e.g. from a lightning strike or static discharge, in a reliable and cost-effective manner using our overvoltage protection. This way, you can prevent faults in expensive devices. Our overvoltage protection complies with the IEC61643-21:2000 standard.

## Technologies

- Protects cameras and recorders from overvoltage in the network line
- Supports PoE and PoE+
- Compatible with end-span and mid-span PoE
- Fast tripping time of less than 1 ns
- Complies with the IEC61643-21:2000 standard
- SPD Type 3

## Technical data - Network Surge Protection

DC voltage supply	48~57 V
Damping	0,5 dB
Dimensions	(LxWxH) 110 x 52 x 28 mm mm
Height	28 mm
Insulation resistance	0,4 MO
Length	110 mm
Max. humidity	95 %
Max. leakage current	5 kA
Max. operating temperature	55 °C
Min. operating temperature	0 °C
Net weight	0,157 kg
PSTI conformity required	No
Reaction time	0,001 ms
Width	52 mm
