

SAFE AND QUIET

With this door closer, slamming doors are a thing of the past.

A blast of air, then the big bang. Whether in public buildings or in your own four walls: This door opener is the remedy for slamming doors. This door closer is suitable for all house and flat doors with a width of up to 1.10 metres. The closing mechanism is continuously adjustable via a valve. After assembly, the door can then be opened up to an angle of 180 degrees.
