

SCRATCHES NO CHANCE

Door viewer with scratch-resistant lens made of high-quality glass.

Tricksters are regularly up to nuisance. If you want to reliably protect yourself against these criminals, this door viewer is part of the basic equipment. The peephole has a cover cap that prevents light from escaping from inside the home and a wide-angle lens of approx. 180 degrees. The lens is made of high-quality, scratch-resistant glass and sits in a robust brass housing. The door viewer is suitable for door thicknesses from 35 to 53 millimetres.

Technologies

- Wide angle lens: approx. 180°
- Adjustable, for door thicknesses between 35 - 53 mm
- Brass casing
- Cover cap prevents light from being seen from outside
- Glas lens

Operation and use

- For house entrance doors and flat entrance doors
- Easy to look through

Variants
