

Mini clip built-in power supply unit 5V / 2A

Art.-Nr. TVAC35210

Seite 1 von 1

The stabilised mini clip built-in power supply unit (230 V AC) is used for the power supply of your video components. The enhanced version with a lever spring clamp means that quick installation is possible without the need for a tool or an additional clamp. Its compact dimensions mean that it is especially suitable for use as a flush mounted power supply for installation in a 55 mm flush socket and anywhere there is limited space available for the power supply. Different variants are available.

Technologies

- Quick installation: lever spring clamp means tool is not required
- Output voltage: different variants available

Technical data - Mini clip built-in power supply unit 5V / 2A

Connection type	Clamp
Dimensions	(\emptyset x H) 53 x 27 mm
Input voltage AC	100 - 230 V
Max. Operating temperature	50 °C
Min. operating temperature	-10 °C
Net weight	0.045 kg
Output voltage DC	5 V
PSTI conformity needed	No
Product group	Accessories
Rated current	2,000 mA
WEEE group	09
