ABUS Wired Outdoor Sounder (blue)

Art.-Nr. AZSG10011

You can install the wired outdoor siren (compact alarm) inside and outside your building. The alarm siren with LED flashing technology is a combination signalling device and a key component of a fully functioning alarm chain. In the event of an alarm, the siren generates a very loud signal tone with over 100 dB sound pressure. The alarm duration is programmable. In addition to the acoustic alarm, a visual alarm is issued by a coloured flashing light that can be seen from afar (flashing frequency: 1 Hz). The siren and flashing light can be controlled separately. This allows the flashing light to flash until the alarm system is manually reset, while the signal tone ends after a defined time. Further setting variants are possible via jumpers. The compact alarm is sabotage-protected via a cover and wall tear-off contact. The integrated backup power supply also triggers an alarm in the event of attempted sabotage by cable cutting. Depending on the model, the flashing light is available in different colours.

Technologies

- Robust, weatherproof outdoor siren
- LED flashing technology

Technical data - ABUS Wired Outdoor Sounder (blue)

Certifications	EN 50131 Grade 3, VSÖ GS-H
Colour	white
Compatible with	Secoris, Secvest, Terxon
Current consumption	360 mA
Current consumption standby	0.04 mA
EN	Level 3
Environmental class	IV
Gross weight	1.035 kg
Height	277 mm
Housing material	POLYCARBONAT (PC)

Subject to technical modifications. We assume no liability for mistakes and printing errors. © ABUS 10/2026

ABUS Wired Outdoor Sounder (blue)

Art.-Nr. AZSG10011

Technical data - ABUS Wired Outdoor Sounder (blue)

Illuminant	LED
Length	75 mm
Light color	Blue
Mechanical protection	No
Mounting location	Outdoor Area wall
Net weight	1.035 kg
PSTI conformity needed	No
Power	3 W
Product group	Sirens and sounders
Protection class IP	43
Sound pressure	100 dB
Tamper monitoring	Yes
VdS class	without
Voltage monitoring	Yes
WEEE group	09
width	210 mm

Subject to technical modifications. We assume no liability for mistakes and printing errors. © ABUS 10/2026
