Off to the potty

With our toilet trainer MALTE, little ones learn to use the adult toilet in a playful way.

An adult toilet like this is terribly high, and the seat is also quite wide! Our tip: Help your child become dry at their own pace with our toilet trainer MALTE. Your bundle of joy sits securely in it and can hold on to the handles on both sides. This way, toddlers can gradually get used to growing out of nappies. Likewise, MALTE can be adjusted in size to fit standard toilet seats. There's also a wall bracket on which you can easily hang MALTE. Thanks to the discreet colour, the toilet trainer fits almost every bathroom.

Technologies

- Two strong grab handles provide more safety
- Comfortable and secure fit
- Thanks to rotatable elements, very easy to adjust to standard toilets (position C: approx. 14.5 cm, position D: approx. 15.5 cm, without – approx. 18 cm)
- Dimensions (L/W/H): 25 x 23 x 8 cm
- Bisphenol-A free plastic

Operation and use

- Suitable for most toilets
- Suitable for children between 6 and 36 months (max. approx. 30 kg)

Variants

- Colour: Grey-white
