Junction Box Tube Black

Art.-Nr. TVAC32600X

INSTALLATION BOX FOR TUBE CAMERA

This installation box is an optional accessory for installing tube cameras.

With the surface-mounted installation housing, you can install the cabling of your camera both indoors and outdoors in a protected and concealed manner. The robust aluminium design ensures a secure connection between the wall and camera and protects the connecting cable from weather, moisture, damage or tampering.

The box blends discreetly and unobtrusively into any environment or façade. With a diameter of 120 mm (mounting plate), a total length of 137 mm (incl. cable guide) and a height of 53 mm, the installation box is perfectly matched to the tube cameras. The box weighs just 0.55 kg and is therefore easy to handle. It can be installed in a few simple steps and offers secure and concealed cabling for your cameras.

Technologies

- For protected and concealed cabling indoors and outdoors
- Sturdy aluminium construction for indoors and outdoors
- In different colours
