AirBreaker Movistar Team 22 M

A HELMET BY PROFESSIONALS FOR PROFESSIONALS

Don’t accept compromises. In cycling, the best rider with the best equipment wins. Winners bet on the AirBreaker.

In the race, top performance counts on every single stage, whether on a steep uphill climb or in the nerve-racking top speed of the sprint. The AirBreaker from ABUS supports you every kilometre of the way.

Thanks to the honeycomb structure of the innovative Multi Speed design, the AirBreaker always offers the best possible aerodynamics and at the same time ensures optimum ventilation. Because the Multi-Speed Design doses the ventilation as it is needed: maximum ventilation for slow, hilly stages, and optimum aerodynamics for fast, flat stages.

Technologies

- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Eyewear Port at front and rear: recess at the front and rear of the helmet to hold eyewear in a secure and aerodynamic position while riding or during stops
- Acti Cage™: allows larger ventilation openings combined with high stability thanks to foamed-in structural reinforcement
- Forced Air Cooling: the ventilation openings are connected to each other via channels on the inside to guide incoming air through the helmet and thus ensure maximum air circulation and a pleasant head climate
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size

AirBreaker Movistar Team 22 M

- Stitched straps: for optimum aerodynamics, the straps are sewn and therefore do not require any strap dividers – this means they fit particularly snugly and do not flap while riding
- Floating Pad: padding on the inside of the helmet, which is clicked into place via several attachment points, making it more flexible and offering better ventilation and greater wear comfort
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Flow Straps™: aerodynamic straps for low flow resistance, less noise and high wear comfort
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

Technical data - AirBreaker Movistar Team 22 M

Chin buckle	Push-in buckle
Eyewear Port	Rear, Front
Finish	shiny
Forced Air Cooling	Yes
Head size	52-58 cm
Headring	Half ring
Height	19,5 mm
Helmet type	Road helmet
Light	No
Lower edge	No
Mips	No
Peak	No
Ponytail Fit	Yes
Removable pads	Yes
Size	M
Suitable for	Teenagers, Adults
Washable pads	Yes
Weight	210 g
Width	23 mm
backlight	No
color of facets	blue, white
design color	Movistar Team
EAN	4003318950902
