PowerDome goldfish orange M

A HELMET FOR EVERY TERRAIN

GameChanger, AirBreaker, StormChaser: The PowerDome is a new addition to the “Made in Italy” ABUS helmet family.

The PowerDome comes directly from the ABUS production site in Italy. It combines the successful features of the three top models with the tried and tested features of its predecessor, the Aventor. With its excellent price-performance ratio, the PowerDome is thus the perfect road bike helmet for everyone. It is very lightweight and individually adjustable to head circumference thanks to the Zoom Ace adjustment system. 10 air inlets and 7 air outlets ensure optimum air circulation in every riding situation - even in high temperatures. The sophisticated ventilation is also supplemented by a sleek air scoop on the helmet: It is modelled after the PowerDome of high-performance cars and gives the helmet its name as a functional design element. Whether on the next Gravel Tour, racing against the wind on the Tuscan coast or cycling through the city, the PowerDome brings the Italian lifestyle to every ride. This keeps the focus on the pleasure of riding. No rules, no dress code, no pressure to perform. With the PowerDome, the journey becomes the destination!

Technologies

- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Stitched straps: for optimum aerodynamics, the straps are sewn and therefore do not require any strap dividers – this means they fit particularly snugly and do not flap while riding
- Floating Pad: padding on the inside of the helmet, which is clicked into place via several attachment points,

PowerDome goldfish orange M

making it more flexible and offering better ventilation and greater wear comfort
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

Technical data - PowerDome goldfish orange M

Chin buckle	Push-in buckle
Finish	shiny
Forced Air Cooling	No
Head size	54-58 cm
Headring	Half ring
Height	16 mm
Helmet type	Road helmet, Gravel helmet
Light	No
Lower edge	No
Mips	No
Peak	No
Ponytail Fit	Yes
Removable pads	Yes
Size	M
Smart - Crash Detection	No
Suitable for	Teenagers, Adults
Visor	No
Washable pads	Yes
Weight	230 g
Width	24 mm
backlight	No
color of facets	orange, black
design color	goldfish orange
EAN	4003318919411
