SecLight TL-515

COMPACT TORCH

Our TL-515 torch provides light in the dark with high-quality LED

Our TL-515 torch ensures that you can find your way in the dark - for example in your hobby cellar, outdoors or in the garage. Practical: It can be put down anywhere without rolling off the table, bonnet or other smooth surfaces because of its square shaft. Thanks to the holster, you can also attach it to your belt and have your hands free for other craft activities. Or you can hang the torch on a hook using the loop on the shaft.
