

THE CITY IS YOUR TRACK

E-bikes and S-pedelecs also bring high speeds to the road outside of cycle racing. NTA-classified helmets such as the PURL-Y are adapted to the new requirements for riding at up to 45 km/h.

But the PURL-Y city helmet is also a good choice on a bike without an auxiliary motor. It combines safety with comfort. The shock-absorbing inner material is firmly bonded to the outer shell using the proven in-mould process. And to ensure that the helmet fits comfortably and securely, it can be adapted individually to different head sizes with the easy-grip and smooth-running adjustment wheel. There is enough space between the adjustment system and the lower edge of the helmet for a ponytail.

The trendy urban helmet with a deep rear end for better protection of the neck area easily adapts to any style thanks to the range of different colour options. In the ACE variant, the PURL-Y comes with a rechargeable LED light.

The PURL-Y is ideal when riding swiftly through the city streets: safety that sets standards.

Technologies

- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Reflector Sticker: for better visibility in the dark
- Bug Mesh: keeps flies and other bugs off your head without messing with the helmet's ventilation
- Rechargeable, magnetic Rear Light: is attached to the back of the helmet using magnets and ensures greater visibility – can be charged using a Micro-USB charging cable

Seite 2 von 2

- IP44: protection class that certifies protection against solid foreign bodies larger than 1 mm and against splash water for electronic products such as lights
- Four different light modes (Rear Light): Steady, Power, Pulse and Flash selectable – corresponding to light and weather conditions
- Operating time per mode in h (min.): depending on the weather conditions and type of use, the available usage time of the light is at least 2.5 hours in continuous mode and in flashing mode at least 15 hours
- Battery charging time (light): the charging time until the battery is fully charged is approximately 2 hours
- Clip on peak: removable peak attached with pins to protect against sunlight
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Flap Divider™: strap divider for individual adjustment of the straps below the ears – with clamp fastener to fix the set position
- Comfort Pads: soft padded inserts for optimum comfort, attached to the helmet with Velcro
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

Technical data - PURL-Y ACE velvet black M

Finish	matt + shiny
Head size	54-58 cm
Peak	Yes
Size	M
Smart - Crash Detection	No
Visor	No
Weight	340 g
