Great protection when there is a medium risk of theft

The perfect lock for your bike. The ABUS Plus Cylinder offers great protection against lock tampering

The Steel-O-Chain™ 9809 Chain Lock makes life difficult for thieves. The lock is equipped with a picking-resistant ABUS “Plus” disc cylinder, providing great protection when there is a medium risk of theft.

Technologies

- 9 mm thick square chain with textile sleeve that prevents damage to paintwork
- The chain, the lock body and supporting elements of the locking mechanism are made of specially hardened steel
- Automatic cover for the keyhole against dirt and corrosion
- ABUS Plus cylinder for high protection against manipulations, e.g. picking

Operation and use

- Good protection at medium theft risk
- Recommended for securing good bicycles
- The longer the chain, the easier the bicycle can be locked to a fixed object
