

1950/120 Kids 3 per colour

THE INEXPENSIVE ALTERNATIVE

The colourful bicycle lock for children. In the end, it's just more fun

With the 1950 Kids Spiral Cable Lock, you and your children have a practical bicycle lock that is easy and uncomplicated to use at all times by compactly folding the spiral cable around the seat post pipe. The colourful plastic coating protects against paint damage and the 7.5 mm thick spiral cable offers good basic protection in regions with a low risk of theft. The 1950 Kids Spiral Cable Lock is particularly suitable for a child's bicycle or an entry-level bicycle. Due to its flexibility, it can also be used as a component lock or for connecting further bicycle accessories.

Technologies

- 7.5 mm thick and super flexible spiral cable
- Plastic coating to prevent damage to the bicycle's paintwork

Operation and use

- Basic protection at low theft risk
- Recommended for securing entry-level and children's bikes

Tips

- Coil cable locks offer a compact transport size and have an extremely multifunctional and practicable length
- The lock is ideal as a second lock for securing components
- This lock is also available in purple, orange, green and black
