WHEN IT COMES TO WATTS

The lightweight GameChanger TT 1.1 brings optimised aerodynamics to the track so that you don't lose a second.

This is ensured by the flexible and soft EVA tail at the rear of the helmet. It prevents air turbulence between the neck and helmet from slowing you down. Thanks to the streamlined multi-position design, you can even tilt your head during the race without having to take any noticeable losses in aerodynamics.

And you can click the Fidlock magnetic fastener under your chin in an instant so that it takes no time to put on your helmet. You can also easily attach or remove the visor with holding magnets. Three visor variants are available: Clear with clear glass, Smoke with tinted glass or Chrome as a mirrored variant.

For optimum ventilation, the bike helmet has a large air inlet so that you can keep a cool head on the hottest rides.

The GameChanger TT 1.1 time trial helmet comes in a custom case - so you can transport it safely and conveniently.

Technologies

- **Ponytail Fit:** thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- **Acti Cage™:** allows larger ventilation openings combined with high stability thanks to foamed-in structural reinforcement
- **Forced Air Cooling:** the ventilation openings are connected to each other via channels on the inside to guide incoming air through the helmet and thus ensure maximum air circulation and a pleasant head climate

Seite 2 von 2

- Magnetic visor: visor attached by magnets to protect the eyes from wind, rain and insects – easily removable and replaceable
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Stitched straps: for optimum aerodynamics, the straps are sewn and therefore do not require any strap dividers – this means they fit particularly snugly and do not flap while riding
- Floating Pad: padding on the inside of the helmet, which is clicked into place via several attachment points, making it more flexible and offering better ventilation and greater wear comfort
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Flow Straps™: aerodynamic straps for low flow resistance, less noise and high wear comfort
- Magnetic buckle: the straps are fitted with a high-quality, magnetic FIDLOCK buckle to enable the chin buckle to be opened with one hand, even when wearing gloves
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

Technical data - GameChanger TT 1.1 shiny white M

Finish	shiny
Head size	54-58 cm
Peak	No
Size	M
Visor	Yes
Weight	375 g
backlight	No
color of facets	white
design color	shiny white
EAN	4003318409615
