SPORTY RIDING IN THE CITY AND THROUGH THE COUNTRYSIDE

This all-rounder is the ideal bike helmet for all those who navigate their way through busy city traffic on their two-wheeler - but is also just as suitable for those who prefer a sportier riding style.

Because the Aduro 3.0 LED offers safety and comfort - and it looks sporty and smart at the same time. This city helmet protects the rider with a streamlined design and optimised ventilation for sporty riding; stylishly modern, it offers protection on city streets. Both its design and the wide range of colours make the urban bike helmet the perfect everyday companion. Comfort meets safety

To ensure that the helmet sits comfortably and securely on the head, it can be individually adapted to different head sizes using an easy-grip adjustment wheel. The bike helmet owes its stability to the in-mould process. Here, the impact-absorbing rigid foam is injected into the outer shell. The helmet has an LED light for better visibility.

The Aduro 3.0 provides a good feeling of safety on every route.

Technologies

- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Reflector Sticker: for better visibility in the dark
- Bug Mesh: keeps flies and other bugs off your head without messing with the helmet's ventilation
- Rechargeable, clip-on Rear Light: attaches to the back of the helmet and ensures greater visibility – can be charged with a Micro-USB charging cable

Seite 2 von 2

- IP44: protection class that certifies protection against solid foreign bodies larger than 1 mm and against splash water for electronic products such as lights
- Two different light modes (Rear Light): Steady for continuous light and Flash for brightly flashing light in at short intervals
- Operating time per mode in h (min.): depending on the weather conditions and type of use, the available usage time of the light is at least 2.5 hours in continuous mode and in flashing mode at least 4.75 hours
- Battery charging time (light): the charging time until the battery is fully charged is approximately 1 hour
- Clip on peak: removable peak attached with pins to protect against sunlight
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Flap Divider™: strap divider for individual adjustment of the straps below the ears – with clamp fastener to fix the set position
- Comfort Pads: soft padded inserts for optimum comfort, attached to the helmet with Velcro
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

Technical data - Aduro 3.0 LED velvet black M

Finish	matt
