Steel-O-Chain™ 4804K/75 blue

AUTOMATIC PROTECTION WITH JUST ONE CLICK

This bike lock has a practical automatic closing function. This makes locking quick and easy, without the need for a key

The Chain Lock Steel-O-Chain™ 4804K is the perfect choice when time is of the essence. The automatic cylinder allows the bike to be locked without a key. Simply open the lock and press the locking bolt into the lock body - job done. The bike lock is ideal for securing low-cost bikes and children's bikes in areas with a low risk of theft.

Technologies

- 4 mm thick square chain with textile sleeve that prevents damage to paintwork
- The chain is made of specially hardened steel

Operation and use

- Basic protection at low theft risk
- Recommended for securing low-range bicycles and children's bikes

Tips

- Very easy handling, because the lock can also be clicked shut without needing to insert the key
