

Art.-Nr. IPCA54512A Seite 1 von 4

SMALL CAMERA, BIG DETAILS AT NIGHT

This IP Spherical Dome is a compact LAN camera with full colour day/night function and delivers images in 4 MPx resolution. With the IR and white-light LEDs in IP67 housing, it is designed for indoor/outdoor use by day and night. Mobile access to the camera via ABUS Link Station app.

Discreet surveillance: powerful in the dark

The infrared LEDs enable detailed black/white night vision. Intelligent object detection can be used to switch to colour night vision when an event occurs. The Gecko series delivers clear colour images in total darkness thanks to full colour day/night technology - rich in detail for conclusive evidence. The slightest residual light is effectively amplified by the special lens and the extra light-sensitive image sensor. The white-light LEDs provide finely dosed extra light for the image sensor

2 variants for maximum flexibility

The camera is available with 2 focal lengths: 2.8 mm / 104° field of view (IPCA34512A) and 4 mm / 89° (IPCA34512B).

Autom. Object recognition

The security camera distinguishes relevant movements (people, vehicles) from disturbances (branches, light, etc.) - and thus minimises unnecessary motion alarms.

Recording and compatibility

Art.-Nr. IPCA54512A Seite 2 von 4

Recordings are made on ABUS NVR, VMS or microSD card. The camera is compatible with ABUS Secvest, Secoris and WLX Pro

Quick start-up

Mounting with cable protected by installation box. The ABUS IP Installer software makes network setup easier.

Notes: Without power supply unit, because power is supplied by PoE. The effective LED range varies depending on the location.

Technologies

- 4 MPx resolution (2,688 x 1,520 @ 25 fps) for crisp surveillance images
- 2.8 mm fixed lens for a good overview (110° viewing angle)
- Detailed colour images in the dark thanks to full-colour day/night technology; effectively amplifies even minimal ambient light using a special lens and highly light-sensitive image sensor
- Illumination of the field of view with white light LEDs (up to 30 m range) for accurate colour images in total darkness (e.g. indoors); precisely metered illumination for the light-sensitive image sensor
- Integrated infrared LEDs for detailed black/white night vision and intelligent switching between IR and colour night vision (Gecko)
- Intelligent object recognition (human & vehicle): Video content analysis with fully automatic differentiation between people/vehicles and disturbances (branches, light, etc.)
- Robust, weatherproof housing (IP67), colour: white
- Supports H.264, H.265, MJPEG (incl. Dynamic GOP)
- MicroSD card slot for internal data storage, encrypted for high data security (optional)
- 12 V DC & PoE (802.3af)

Technical data - IP Spherical Dome 4 MPx (2.8 mm, IR/WL)

Additional functions	White light range up to 30 m
Alarming	Email, NAS, FTP, App Push
Aperture at minimum	F1.0
illumination (colour)	
Audio	Integrated: Microphone
Backlight compensation	WDR, BLC, HLC
Battery - GRS type	ML414H-IV01E
Camera type	Dome
Colour	white
Compatible with	ABUS NVR/DVR, ABUS Link Station App, ABUS CMS
Compatible with ABUS Link	Yes
Station
