

SAFETY AT A HIGH LEVEL

Reliable additional security lock for windows in the attic.

That way, burglars won't get on your roof: The additional security lock increases the safety of your roof windows. The lock can be used in roof windows made of aluminium, wood or plastic. It is opened and locked with a key. The robust housing with steel bolt holder consistently prevents break-in attempts. The lock case is mounted on the window frame, the strike plate on the window wing.
