LOWK-Y signal yellow M

For daily journeys in the city

The ABUS LOWK-Y is a versatile urban helmet for adults and teenagers.

It reliably accompanies you on your daily journeys through the city - whether to work, to school or on relaxed rides on your e-bike.

The LOWK-Y offers solid protection, is comfortable to wear and can be easily adjusted using the Zoom™ Spin adjustment system - the perfect helmet for anyone who wants to be safe in everyday urban life.

Technologies

- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Rechargeable, plug-in rear light (optional): the separately available light for better visibility is plugged into the back of the helmet and can be charged using a USB-C charging cable
- Breakaway Visor: high-quality peak to protect against sunlight and hanging branches – thanks to special technology, it can detach in the event of a fall to minimise strain on the neck
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Flap Divider™: strap divider for individual adjustment of the straps below the ears – with clamp fastener to fix the set position
- Comfort Pads: soft padded inserts for optimum comfort, attached to the helmet with Velcro
- Removable, washable pads: can be removed and washed by hand or replaced if necessary

LOWK-Y signal yellow M

- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection
