

EASY HANDLING, LOW WEIGHT

The Cable Lock 1100 always proves its worth when convenient handling and low weight are the key focus because risk of theft is low.

Do you often take your lower-value bike to a beer garden, park it outside a shop or want to lock it to your child's bike at pre-school? Then the Cable Lock 1100 from ABUS is right for you! With its three-digit number code, you always have the key in your head - that is particularly handy when several people use the lock in turn. At just 140g, the Cable Lock 1100 is a flyweight and comfortably fits into any bag.

Technologies

- 6 mm thick steel cable
- Plastic coating to prevent damage to the bicycle's paintwork

Operation and use

- Basic protection where risk of theft is low
- Recommended for securing low-range and children's bikes

Tips

- Cable locks boast excellent flexibility with a relatively low weight
- This lock is also available in fun, bright colours for children
- The combination lock is great for use by several people

Variants
